

# High Tech Age-Defying Treatments

Utilizing Cutting Edge,

Non-Invasive, Results Oriented and Relaxing Skin Care Therapies

## Hydration Check

Utilizes a new patented sophisticated skin membrane sensor that calculates the moisture content before and after your treatment to capture improvements and correctly determine your skin's specific needs.

**\$15.00**

## Hydro-Dermabrasion

Advanced technology setting new standards and comfort in micro-dermabrasion services. Exfoliates deeply, infuses hydration and vacuums all at one time! Non-irritating and safe for all skin types, while diminishing the appearance of fine lines, wrinkles and sun damage.

**\$100.00** (series of 2-6 recommended)

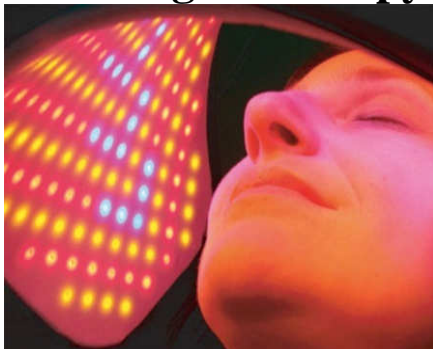

## Micro-Current

This device increases product penetration up to 65% versus manual application at 10%. This modality dramatically improves the effectiveness of serums and vitamins while leaving you well protected and radiant.

**\$20.00**

## LED Light Therapy

This high intensity light treatment mask utilizes red and blue LED lights. This treatment stimulates the production of collagen and decreases acne causing bacteria. This mask is highly relaxing and uplifting, earning the nickname "the giggle mask".
